

A unique privately-owned
Beach House on the
remote San Sebastian
Peninsula in Mozambique

The Beach House, set on 200 metres of beachfront on the San Sebastian Peninsula, the shaggy-thatched villas overlook the Bazaruto Marine National Park and is backed by a private marine and wildlife sanctuary. The house itself was built using local materials and the furniture was carved by the village woodsmen deliberately designed to maximise guests' interaction with nature.

Nestled on white sandy shoreline, the luxury villas offer sleeping accommodation for up to 10 guests in four separate villas. All guest villas are set on the beachfront and spaced well apart, offering privacy and seclusion. Available in all rooms you will find a coffee/tea station, laptop safe, hair dryer, a range of luxury guest amenities and wifi. The villas are just a short walk to a central dhow bar, a thatched relaxation area and rim-flow swimming pool which overlooks the turquoise waters of the Indian Ocean.

The Villa Rooms

The four villas are located two on either side of the main living area:

- ✿ **World's View:** Sleeps two people
- ✿ **Pelican:** Sleeps two people
- ✿ **Mangrove:** Sleeps two people
- ✿ **Mazarette & Bangwe:**
Sleeps up to four people

The gorgeous, but comfortable central lounge area offers not just a chance to relax in the evening, but also an opportunity to enjoy a cocktail whilst watching the fiery sunsets over the Bazaruto Archipelago.

Exclusive use means just that, you and your party will have the run of the property for the entirety of your stay and be able to plan the break that you want so that your every need is catered for. There are regular flights from Johannesburg that bring you to Vilanculos where we will meet you and transfer you to the beach house.

Facilities

✿ Constructed from an antique local dhow which brings the sea right into this delightful location, our unique bar area offers the perfect meeting place in the centre of the property for a cool refreshing drink during the day. Included in the rate are all household beverages (water, soft drinks, tea/coffee, juices, basic spirits, local beers and wines).

A kidney-shaped infinity pool is complemented with a covered and shallower area for children. The pool area is surrounded by comfortable deck loungers and a selection of soft seating options.

Central lounge and dining area: Due to the exclusive and totally private nature of Pambele, we are able to create unique dining areas in various locations offering you the opportunity to dine under the stars on the beach, by the light of hurricane lamps or a romantic candle lit dinner.

Our Winter Room is an enclosed lounge with fireplace, satellite TV and library of reference and coffee table books plus a selection of novels.

Free wifi.

Laundry service: Machine wash and dry.

Activities

You can be as active or inactive as you like at Pambele, but if you're the active type you won't be short of things to do. From discovering the diversity of flora and fauna on a 4 x 4 bush drive to exploring the shoreline and coast with our kayaks.

Creating first footprints on deserted shores of the many islands in the archipelago and wondering at the marvellous variety of sea life from snorkelling in the crystal clear waters or diving to join them on a myriad of wonderful underwater locations.

Alternatively, you could spend the whole day lazing in a hammock... and why not?

Dining & Cuisine

Our fully catered package means you we will do everything, so you can relax and enjoy your holiday. The cuisine is simple and delicious using the freshest of ingredients. All meals are included in your stay.

Fresh seafood including the world famous Mozambique prawns, crab, lobster, octopus and sea fish is served regularly and often brought straight from the beach. The chefs will bake bread, and muffins daily. Daily canapés at sundown are freshly prepared and served at the dhow bar. Dinner is usually served around 7.30pm (although flexible depending on what you have done during the day).

While we try and cater for most dietary requirements, special requirements and preferences should be discussed in advance with our Managers.

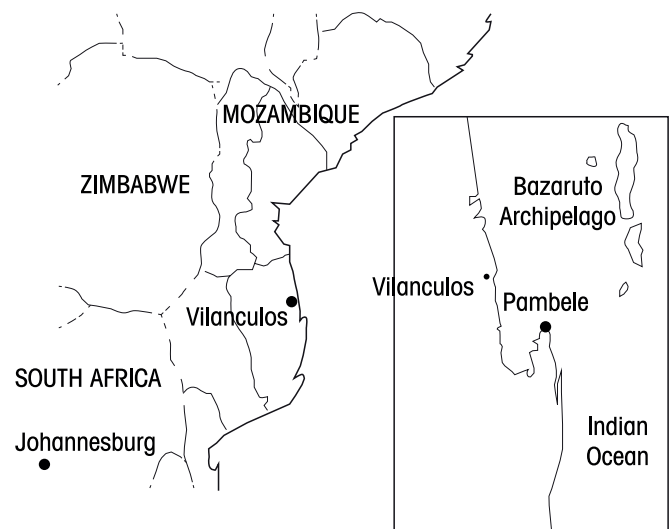

Getting to Pambele

Air Mozambique, SA Airlink & Pambele Aviation operate flights from Johannesburg to Vilanculos. There are also flights from the Kruger National Park area, and charter or private flights can easily be arranged.

If driving - Maputo to Vilanculos is 700km by road. The journey is quite tough and is best done over two days with a stop at Inhambane.

Guests will be met at the Vilanculos Airport by Pambele's manager and transferred by boat from Vilanculos to Pambele Beach House.

Visa regulations: Please check with the Mozambique Embassy in your country or your travel advisor before making a booking.
